—A meeting of representatives of the different young people's societies in Northern Alberta was held last week in the Methodist church, Strathcona, to discuss the advisability of forming a union and undenominational Christian Endeavor society among the young people of Northern Alberta. The idea was thoroughly discussed and the delegates spoke strongly in favor of it. Arrangements were made and are now under way for the forming of this union society.

C. P. R. EMPLOYEES STRIKE.
The following circular has been issued by the Calgary division, No. 95, of the United Brotherhood of Railway Employees with requests for publication. The circular sets forth the employees' side of the difficulty and is as follows:

"The Calgary members of the United Brotherhood of Railway Employees came out on strike on March 9, on receipt of the following wire from Winnipeg: 'Close the deal. Advise Supr. that you will return to work when Union is recognized.'"

The causes which led up to the strike are many, but may be summed up in a few words: The preservation of Union principles and the rights of the Brotherhood to live. The Brotherhood was organized in June, 1902, and has grown steadily, extending from Vancouver to Winnipeg and Toronto. It has taken in the clerks practically of every department: employees in the C. P. R. stores, freight handlers, including checkers and truckers. It became known to the organization last November that the C. P. R. was determined to kill it. The rapidity of its growth, the broad and deep principles on which it is based, would prove more than the company could handle.

The Vancouver division went out on strike on February 27, and all means and efforts were used to bring the company to a settlement, the company refusing even to accept arbitration by Vancouver board of trade.

From the latter part of 1902 to the present date the company has been unceasing in its persecution of our members, discharging some, sending others to different parts of the system and in many various ways forcing the Brotherhood into a fight for its very existence. Believing us to be either too weak or unorganized to stand against them. In this they have been mistaken. We are not well organized, it is true, but sufficient to resist this attack upon our manhood and the principles of unionism.

It has been suggested that we include

do a demand for higher wages, every one knowing that we are the poorest paid servants of the company; but we are desirous of keeping the issue clear and plain, therefore our only demand on the company at the present time is to be allowed to have the same rights as other organizations working on the system—the right to combine.

While our brotherhood embraces every department, it is in no way conflicted with any existing organization, but rather seeks to be a strength.

We have no doubt as to your loyalty in this trouble. A defeat to us is a defeat to organized labor over the whole system.

We believe that with the hearty sympathy and support of the railway and other organizations who have endorsed our action, we shall prevail on the company to recognize our union.

The solicitors for the applicants are Short & Cross, Edmonton.

Notices have been given of the granting of certificates of incorporation to the Red Deer Land Company, and the Great West Implement Company.

AN OPEN LETTER

To the Builders of Edmonton District.

Gentlemen: No doubt you have heard and read in the papers recently a great deal about the so-called "LUMBER COMBINE," and the consequent advance of prices. In this connection, a few statements of fact from us may be in order.

The manufacturers of British Columbia advise us that the advance in prices is due to the increased cost of labor and of materials and that this justifies the advanced prices to the trade. Whether this is true or not we are not in a position to judge. But we do know that it is very difficult to get orders for B. C. lumber filled with any degree of promptness. Many of the mills are sold out of stock and cannot at present ship a car. We therefore claim that the advanced prices are due to scarcity of lumber. The price of any commodity is regulated in our day not so much by the cost of production as by the general demand for the commodity.

As to our own prices we beg to say that we are careful to see that they bear a right relation to cost. We cannot help the rise in B. C. lumber because the cost price is considerably advanced. But in the lines of our own manufacture such as Windows, Doors, Frames, etc., our prices are lower than the prices for the same articles either in British Columbia or Manitoba. This will indicate to you our position in this matter.

In view of the scarcity referred to if you are building or intend to do so, we advise you to place your order with us as soon as possible, so that we may get in a position to fill it when required. We promise to do the very best for our customers that circumstances will permit.

Very Truly Yours,

MEN'S CLOTHING

Men's Suits, some new ones. Just about now you'll be glad to see some distinctly new goods, fresh ideas in the way of fabrics—large plaids, broken checks, narrow stripes in brown and gray effects—in fancy chevrons. The man who wants something "a little different" will appreciate the present showing of

PICCADILLY CLOTHING

There is a difference in clothing as in men. There are no better clothes made than those we are showing, but there are higher prices. A hot iron and a ton weight can press out a poorly made suit so that it looks very fine in a window. But only good, careful tailoring and all-wool cloth can make a suit hold its shape and lock well for months and months. No need to argue with yourself, even though you have a good suit of Overcoat. Will not another be welcome, if it's but to relieve a monotonous sameness? Many of these suits are of medium weight, and you could not find better for spring service. They are all identified by the "PICCADILLY" label. That makes them all the more desirable. A good address goes a long way in aiding a man to forgo the front. We materially assist in giving you a presentable appearance by furnishing fashionable cut attire at prices below tailor made. Elegant patterns, careful workmanship, No clothing fits like ours.

BOY'S CLOTHING

CLOTHING THAT DEFIES JUVENILE GYMNASTICS

As a parent you know how near useless it is to admonish youngsters not to soil or tear their clothes. The only remedy is to get good clothes, but don't pay too much for them. Clothing is cheaper for a healthy boy than doctors' bills for a sick one. We plead for the boyish boy.

RAIN PROOF And other OVERCOATS

Cravenetted fabrics go through a process that goes to the foundation of the cloths—the very fibres that make the wool that makes the yarn are made non-absorbent. No earmarks of waterproof, no odor—no stiffness—is porous to air. The power of "cravenette" is in disguise until attacked by rain.

A TRIBUTE TO WESTERN ABILITY

At a recent meeting of the directors of the Union Bank it was decided to increase the board from seven to ten directors, and the new seats to be filled with western men. In this connection the bank is to be congratulated on its choice of well selected three leading men of well known financial ability and business standing, two of whom reside in Winnipeg, and one in Minneapolis.

The gentlemen who are to be the new directors of this well-known and popular western bank are Mr. E. L. Drewery, owner of the Redwood Brewery, and a gentleman highly respected throughout the west, and one whose opinion is highly sought after on questions of western moment.

Mr. John Galt, of the well-known wholesale firm of G. F. & J. Galt, is the other Winnipeg director. In Mr. Galt the Union Bank have secured one of Winnipeg's most popular wholesale men, and one highly respected throughout the country, and whose opinion and experience will be of great benefit to the bank in directing its western business.

Mr. J. E. Kempton, president of the Minneapolis Threshing Machine Co., is the Minneapolis nominee. Mr. Kempton is one of the leading capitalists in Minneapolis, and a man of high financial abilities. His company is extensively interested in the west, and have now headquarters in the cities of Toronto and Winnipeg for their large Canadian trade.

The Union Bank is indeed to be congratulated on this strong addition to its already well-known board of directors; men who have always upheld the future of the west and whose foresight and wisdom is now acknowledged and commented on.

THOUSANDS OF SETTLERS

The London Daily Express of March 11th, contains the following:

If the present rush to Canada continues it will be necessary to requisition an entire fleet of steamers, instead of a single vessel, to carry prospective emigrants for the Rev. J. M. Barry's consolidated settlements.

Mr. Barry has paid over £45,000 to the Canadian government, representing the fees for homestead entries received in lots of £2 to £8, from persons intending to settle in the new colony. Applications are still pouring into headquarters in Sergeant's Inn at the rate of 200 a day, and the clerks are fairly deluged with correspondence.

Mr. Barry says: "The fact that many prospective settlers have paid for their passages with cheques has impressed the steamship company with the solidity of the enterprise. Mr. Smart, deputy minister of the interior, and Mr. W. T. R. Preston, emigration commissioner, called on me this afternoon. They are greatly interested in the proposed settlements, and cordially endorsed the preparations made. They realize that I am taking an unusually high class of settlers into the Dominion."

The staff at the emigration department of the Canadian government offices in Victoria are keeping very long hours, answering questions and giving detailed information to would-be emigrants.

Between 40,000 and 50,000 men and women will have left the British Isles for Canada at the end of 1903, which looks like proving a record year.

The farm delegates from the Dominion who have arrived in London are a great acquisition to the emigration officials here, and one of them, who has been giving information yesterday to a group of applicants, told us that "representative of what I am myself, had been in London and now owned 500 acres of extremely profitable land."

"There is room for a million small farmers in the Dominion, and there is a terrible dearth of railway labour. The new Grand Trunk (Transcontinental) will need thousands of labourers, stone masons and bricklayers, and there is, of course, a great field for domestic servants."

The Allan Line have decided to charter a steamer as soon as possible to cross to Halifax with cabin passengers and emigrants. They have more business than they can handle with their own ships.

In Regard to WATERPROOFS and TWEED SKIRTS

We would like a chance to show you what we have in these lines.

When we speak of Waterproofs, we do not mean the ill-smelling, ill-fitting, use-on-a-rainy-day affair usually shown under that name. Ours are handsome garments, beautifully tailored, made of lovely all-wool tweeds and covert cloths, which you would never suspect of being waterproof. These are stylish, full length coats, and look right any day, rain or shine.

Our All-wool Skirts for spring are as right as anything can be.

W. H. HOOPER COMPANY

OFFERS ON
MONDAY, MAY 4TH, 1903,

200 LOTS - 50 X 100

ON
Kenneth Macdonald Flats

The Finest Alluvial Soil on Earth.

On each Lot enough may be grown to support a family.

The property adjoins Little's brick yard on the South, the Experimental Farm on the North, and overlooks the Saskatchewan on the East.

The opposite bank of the river, rising in natural terraces from the water's edge to a naverage height of 150 feet, beautifully wooded, affords A PANORAMA OF HARMONY AND DELIGHT.

Edmonton has passed the experimental stage, and will possess in a few years a metropolitan population.

The Railway Question is settled. The Canadian Pacific, Grand Trunk and Canadian Northern are assured quantities.

A fact not generally known substantiates that Edmonton will be a terminus for some years, is that the carrying capacity of the Canadian Pacific exceeds the Oriental and British Columbia trades combined, and the three great roads mentioned will halt before pushing on to the Pacific, thereby making our city of vastly more importance than it would otherwise have been.

Much of the timber is primeval. The principal streets will be boulevardized, and ancient growth furnish overshade.

Maps and schedules of prices open for inspection at W. H. Hooper Company's Office on May 4, 1903.

Real Estate. W. H. HOOPER COMPANY, Edmonton.

POPULAR LITERARY SOCIETY

The society met in the school house on Wednesday evening, March 26th. The following programme was read:

Recitation, Miss Eva Hutchings.
Song, Miss Bertha Shand.
Recitation, Mrs. G. Carnegie.
Recitation, Joe Hudson.
Song (and encore), Mr. C. Boyer.

Debate: "Resolved: that women should have a vote." It was decided in favor of the negative. It was decided to close the society on April 3rd but to re-open on Nov. 3rd.

On Wednesday, April 1st at Poplar Lake school a challenge debate will be held between six debaters from Bon Accord literary society and six from Poplar Lake. The subject is:

Resolved that war has produced greater calamities to mankind than has the use of intoxicating liquor.

Affirmative, Poplar Lake.
Negative, Bon Accord.

On Friday, April 3rd, the last meeting for this season of the Poplar Lake literary society will be held. A good programme is in course of preparation including several dialogues. Refreshments will be served. Admission 15 cents all around. Proceeds goes towards buying an encyclopedia for the library.
